**Dear Leelanau County Board of Commissioners, County Clerk Michelle Crocker,** and the additional 80 Leelanau County Employees who have email addresses on the **County Staff Directory page:** (<https://www.leelanau.gov/directory.asp>).

I've attached an updated Flyer where I shared at the Tuesday March 8<sup>th</sup> Board Meeting many reasons why the County Clerk and the Board of Commissioners should **REPLACE THEIR DOMINION VOTING MACHINES WITH LOCAL, SECURE AND EASILY AUDITABLE PAPER BALLOTS (PLEASE SEE THE ATTACHED FLYER.)**

**I am sending this email to all 88 County Employees that have an email address on the Staff Directory because we want EVERY MAN, WOMAN & CHILD in Leelanau County to see the need to replace the County's Dominion Voting Machines with secure Paper Ballots,** because this is an attack on EVERY American man, woman & child.

Leelanau County residents should be proud of the fact that our county can boast one of the highest voter-turnouts in the state; however, we cannot be proud if that vote is not secure.

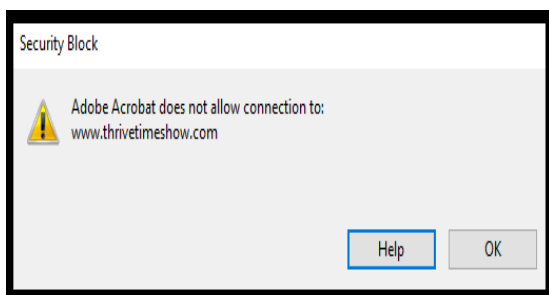

**We in Leelanau County must be assured that we have a government that is "Of, By, and For the People," as President Abraham Lincoln so perfectly stated in his Gettysburg Address.**

**As opposed to** one that seems to be:

**"... Government of the elites, by the bureaucrats, and for what they claim is best for the people. In short, government over the people."**

<https://www.dailysignal.com/2013/11/19/gettysburg-address-is-our-government-still-of-the-people/>

**One Additional Note:**

The **ThriveTimeShow hotlink** on the top of the left column on page 2 of the Flyer does not work because it **is being censored by Adobe Acrobat PDF Reader.** So that should make you wonder why Adobe doesn't want you to **see what Dominion Voting Machines "Head of Strategy & Security" Eric Coomer is purported to have said during an Antifa phone call that "Trump is not going to win; I made sure of that (and laughs)."**

I don't know about you, but that would make me want me to see that clip more than ever, **and I think you can see it by clicking in this email (since MS Outlook has not yet decided to censor it) HERE:** <https://www.thrivetimeshow.com/business-podcasts/joe-oltmann-exposing-the-treasonous-eric-coomer-the-antifa-member-and-the-director-of-strategy-and-security-at-dominion-voting-systems/>

**Both Mike Lindell and Dr. Douglas G Frank have been travelling all across the United States to meet with County Clerks, and have said that when shown the evidence from their own counties, that so many County Clerks have been shocked to see that even though they did everything perfectly according to Dominion and their State's election protocols, that there was election fraud going on with their own county's Dominion Voting Machines. And then many of these County Clerks rightfully got angry, and rightfully so.**

**So thank you Leelanau County Commissioners and County Clerk Michelle Crocker for looking at that great amount of evidence there is for Replacing Dominion Voting Machines with Locally-Controlled-and-Monitored secure Paper Ballots. More evidence will be added at each upcoming board meeting until this most important matter for every man, woman and child in Leelanau County is corrected, and the rule truly becomes "Of, By, and For the People" again.**

**(This email will be forwarded on to 200+ Patriots around Northern Michigan and across the country, plus on to honest Patriot News sites.)**

**I hope that all men, women and children who wish to continue our great Republic and rule "Of, By, and For the People" will present the overwhelming evidence – locally at their own County & Township Commission meetings, in the 3142 Counties across this nation – to demand the replacement of Dominion Voting Machines with locally controlled, secure, and easily audited Paper Ballots.**

Sincerely,

Bill Wiesner / Leelanau County Resident &
